Special Interest in Paediatric Gastroenterology & Paediatric Urology

[Appointments\(/appointments-mr-misra-paediatric-urologist-surgeon-london.html\)](#)

Consultant Paediatric Surgeon, London

Mr. D. Misra trained in Paediatric Surgery at Nottingham and the prestigious Hospital for Sick Children, Great Ormond Street (<http://www.gosh.nhs.uk/>). His research thesis on "DNA ploidy in Wilms' tumour" remains the largest study published on the subject till date.

In 1995, at the age of 33, he was appointed to the Royal London Hospital (<http://bartshhealth.nhs.uk/our-hospitals/the-royal-london-hospital/>) as a Consultant Paediatric Surgeon, the youngest ever in his speciality.

He has special interest in **Neonatal Surgery, GI surgery** and **Paediatric Urology**.

Over the last 10 years, he has developed an interest in laparoscopic surgery or key hole surgery for operations like pull through surgery for Hirschsprung's disease, ano-rectal malformations, nephrectomies and hemi- nephrectomies etc

Mr Misra prides himself on keeping abreast of the latest advances in his field. He is active in **clinical research** and has published and presented well over 100 chapters, scientific publications, editorials and oral presentations in international journals or conferences.

At his level of seniority, he now concentrates on giving state of the art lectures, conducts Live surgical workshops or chairs sessions around the world.

He has described his own special technique of **Surface Umbilical Pyloromyotomy**, which is published in Eur J Paed-Surgery, over 800 cases have been performed till date.

He is on the national panel of the Royal College of Surgeons (<https://www.rcseng.ac.uk/>) and appoints surgical Consultants all over UK- a position of great responsibility and prestige.

In all, he has worked in Paed-Surgery for over 28 years. He is board certified in UK and his name is on the Specialists Register for Paediatric Surgery (http://www.gmc-uk.org/doctors/register/information_on_the_specialist_register.a

Recent Blog Articles

1. Surface umbilical pyloromyotomy- new operation (<http://www.paediatric-surgeon.com/paediatric-surgery-blog-articles/surface-umbilical-pyloromyotomy-new-operation>)
2. Undescended testes- Scrotal fixation- a new approach (<http://www.paediatric-surgeon.com/paediatric-surgery-blog-articles/undescended-testes>)

Life beyond medicine

Mr Devesh is a RYA qualified sailing Skipper and also an Advanced PADI scuba diver- he sails and/or dive 3 to 4 times a year. He recently enjoyed the night sail from Morocco to Spain. He has dived with sharks and has also done wreck diving, night diving and tunnel diving.

He loves to windsurf and taught his children this sport when they were 9 years old. They are, however, more likely to be found nowadays surfing the net. He plays golf twice a week and as the years advance, He is getting pretty addicted to it. Please cast an eye on the various photos sprinkled throughout this website.

There is a WHO checklist in surgery and PADI checklist in Scuba- forget either and you are in deep waters. At a wreck dive (sunken ship) in Malta.

Accreditations

1. On the **GMC "Specialist Register"** for Paediatric Surgery.
2. FRCS, MCh in Paediatric Surgery.
3. Holds post of **Consultant Paediatric Surgeon and Consultant Paediatric Urologist** in NHS as well as in private practice.
4. Fully qualified member of **ESPU, BAPS** and **BAPU**.
